To make a challenging career in a creative and competitive environment where I will have the opportunity to assert a strong sense of responsibility to know about the technological world.

WORK EXPERIENCE

Machronics   (March 02, 2021 - April 30, 2022)
UI/UX Designer and Frontend Developer

Machronics is an R & D based startup company where I got the opportunity to work as a frontend web developer and Graphics designer.

- Worked on a Company portfolio website.
- Made a user interface for the company website that can preview real-time 3D stl file and predict the estimated cost for the 3D print by choosing the material.
