 Rifatdam

Professional Profile

Senior Frontend Lead specializing in **React, Next.js, and TypeScript** with a strong background in UI/UX design. Skilled in translating complex Figma designs into scalable, high-performance code. Experienced in optimizing frontend architecture and leading development teams to ensure seamless delivery of modern web applications.

Technical Skills

- **Languages & Core:** JavaScript (ES6+), TypeScript, HTML5, CSS3, SCSS, XML.
- **Frameworks & Libraries:** React.js, Next.js, Vue.js, React Native, Tailwind CSS, Framer Motion, GSAP.
- **State Management & Tools:** Zustand, TanStack Query, React Router, Redux.
- **UI/UX Design:** Figma, Adobe XD, Adobe Illustrator, Adobe Photoshop.
- **Deployment & Version Control:** Git, Vercel, Netlify.

Professional Experience

Skylark Soft Limited

01 July, 2025 – Present

Senior Software Engineer (Frontend & UI/UX Lead)

Mirpur DOHS

🔗 <https://www.skylarksoft.com/>

- Lead the Frontend and UI/UX teams to architect high-performance, scalable web applications, ensuring code quality and design consistency.
- Bridge the gap between design and engineering teams, translating Figma concepts into pixel-perfect, responsive React/Next.js interfaces.
- Establish best practices for state management (Zustand) and component reusability, reducing development time for new features.

Dtech Online Limited

01 February, 2022– 30 June, 2025

Software Engineer (Front-end)

Banani

🔗 <https://dtechonline.net/>

- Modernized legacy websites by migrating them to Single Page Applications (SPAs) using React.js, significantly improving page load speeds and user engagement.
- Collaborated directly with clients to define requirements, creating user-centric UI designs that aligned with business goals.
- Implemented complex animations and interactive elements using GSAP and Framer Motion to enhance user experience.

Mohasagor IT Solutions

11 August, 2021 – 28 January, 2022

UI/UX designer and Frontend developer

Mirpur 10

🔗 <https://mohasagorit.solutions/>

- Revamped existing eCommerce platforms using Vue.js, optimizing API calls for faster product rendering.
- Designed and developed responsive, eye-catching user interfaces that increased mobile user retention

Machronics

02 March, 2020 – 30 April, 2021

UI/UX Designer and Frontend Developer

Mirpur DOHS

- Played a key role in an R&D startup environment, prototyping and developing frontend solutions for diverse tech products.

Education

International University of Business Agriculture and Technology

January 2018 – December 2023

Bachelor in Science

3.22

Adamjee Cantonment College

April 2017

Science

HSC

4.92

Muslim Modern Academy

March 2015

Science

SSC

5.00

Certifications

Android App Development

01 January, 2021

NECTAR–National Computer Training and Research Academy, Bangladesh

ASP.NET Core MVC Web Application

23 October, 2021

Microsoft

Publications

Diagnosis of COVID-19 from Chest X-Ray Images Using Convolutional Neural Networking with K-Fold Cross Validation 16 September, 2021

2021 IEEE International Power and Renewable Energy Conference (IPRECON)

Projects

Training, Exercises and Drills (TED) Program

[TED UNDP](#)

Developed a comprehensive management platform for a **UNDP & World Bank program** using **React**, **TypeScript**, and **TanStack Query** for complex data handling.

Prothoma Shop

[Prothoma Shop](#)

Engineered the frontend for a leading Bangladeshi eCommerce platform using **Vue.js**, **handling high traffic** and **complex product filtering**.

Safeer School Management System

[Safeer SMS](#)

Engineered a scalable platform using **React**, **MUI**, and **React Query** for optimized server-state management. **Architected** complex **RESTful API integrations** and high-performance UIs using a hybrid **Tailwind CSS** and **MUI** approach.

Autodrive

[Autodrive](#)

Built Bangladesh's largest auto-media portal for the car and bike community, focusing on SEO-friendly structure and fast loading times using **React**, **Tailwind CSS**, and **React Query**.

Dtech Online Limited

[Dtech Online Limited](#)

A corporate website for an ISP company showcasing its services and internet packages, designed in **Figma** and developed with **React**, **Tailwind CSS**, and **GSAP** for advanced animations.

ZNRF University of Management Sciences (ZUMS)

[ZUMS](#)

A comprehensive university website designed in **Figma** and developed with **React**, **TypeScript**, **Tailwind CSS**, and **Framer Motion** for advanced animations.

Aparajito 24 Foundation

[Aparajito 24](#)

Designed and developed a tribute website built with **React**, **Tailwind CSS**, featuring advanced **GSAP** animations to highlight the July Uprising and work.

Ignited

[Fly Ignited](#)

Developed a multi-role, multi-tenant **Flight and Tour booking SaaS** engine using **React**, **MUI**, and **React Query**. **Architected** the high-performance user-facing site with **Next.js** and **SCSS**, ensuring scalable data fetching and a seamless booking UX.

Apollo Clinic & JMI Hospital

[Apollo Clinic & JMI Hospital](#)

A hospital website providing information on doctors, services, and appointment booking, designed in **Figma** and developed with **React**, **TypeScript**, **Tailwind CSS**, and **Framer Motion** for advanced animations.

Jora Art

[Jora Art](#)

An art gallery website showcasing artworks and enabling online purchases, designed in **Figma** and developed with **React**, **Tailwind CSS**, and **GSAP** for advanced animations.
